				repository ACHF project in marand
openEHR-EHR-CLUSTER.address_isa	v1 (no revision)	v1 (no revision)	compliant	**CRITICAL - Although it appears on openEHR CKM, it seems that wasn't submmited to the CKM github mirror. Also missing archetype uid.**
openEHR-EHR-ADMIN_ENTRY.patient_process_status	v0 (no revision) - internal archetype, made by request, not submitted to openEHR CKM	do not exist on github mirror openEHR CKM	Internal	This archetype only exists in the provided repository
openEHR-EHR-ADMIN_ENTRY.remote_monitoring_preferences	v0 - internal archetype, made by request, not submitted to openEHR CKM	do not exist on github mirror openEHR CKM	Internal	This archetype only exists in the provided repository
openEHR-EHR-ACTION.service	v0 (0.0.1-alpha)	v0 (0.0.1-alpha)	compliant	The numbers of versions are the same, but UID and MD5 are not. The content of both versions are also similar. Probably there were changes submitted to openEHR CKM from different files (derivated frim remote archetypes).
openEHR-EHR-ACTION.informed_consent	v1 (no revision)	v1 (no revision)	compliant	------------
openEHR-EHR-EVALUATION.absence	v1 (1.0.0)	v1 (1.0.0)	compliant	------------
openEHR-EHR-EVALUATION.exclusion-problem_diagnosis	v0 (0.0.1-alpha)	it is a specialization from openEHR-EHR-EVALUATION.exclusion.v1 from the same repository (internal archetype), which does not exist in the ACHF repository. But it is based on github openEHR CKM openEHR-EHR-EVALUATION.exclusion_global.v1 (1.1.1)	Internal	This archetype only exists in the provided repository
openEHR-EHR-EVALUATION.problem_diagnosis	v1 (1.0.2)	v1 (1.0.5)	outdated	------------
openEHR-EHR-OBSERVATION.container	v0 (0.0.1-alpha)	v0 (0.0.1-alpha)	compliant	------------
openEHR-EHR-SECTION.adhoc	v1 (1.0.0)	v1 (1.0.1)	compliant	minor changes - portuguese language added
